Mission:

Strawberry Sunshine Farm and Gardens strives to produce the freshest and healthiest Colorado ingredients to promote a sustainable lifestyle.

Objectives:

- ❖ Produce organic, homegrown crops and sell to the public*
- ❖ Contribute back to the community*
- ❖ Promote healthy, beautiful, fun living*

Description:

Strawberry Sunshine is owned by me and is a limited liability corporation. We grow native Colorado flowers and produce. These fresh ingredients are then turned into beautiful arrangements and delicious farm-to-table meals. We hold weekly farmer's markets and monthly wine tasting dinners to support the local farm communities. Our versatility allows us to hold markets, weddings, and other special events on premise.

Please see attached business card.
